

ENTERPRISE GROUP WILLCOPY® ULTRA

Enterprise Group is excited to offer an improved Willcopy Ultra product to our customers.

Now you can enjoy the performance and reliability you expect from a Willcopy product with the added advantage of ColorLok® Technology. Willcopy Ultra is a 98 bright premium business paper designed for flawless performance on copiers, printers and imaging equipment. ColorLok Technology provides an enhanced print surface that produces richer, more vivid colors, bolder blacks and sharper details.

The Willcopy family of business paper products is available in different sizes, basis weights and brightness levels, offering the perfect solutions for your document needs. If you would like additional information about Willcopy Ultra with ColorLok Technology, or any of our other quality products, please contact your Account Manager or visit www.egpaper.com.

The New Standard for Better Printing

Whether using ColorLok papers in the office or at home, you can rely on consistent, high-quality documents from all of your office printers and copiers. With inkjet printers, ColorLok paper provides more vivid colors, bolder blacks and faster drying times. And with all other laser printers and copiers, you'll get consistent, quality results.
