

ENTERPRISE POSTAL ADVANTAGE™

Enterprise Group now offers two basis weights of Enterprise Postal Advantage™ – a new 21 lb. plus our popular 18 lb. product. Both basis weights can help reduce mailing costs substantially.

Lower caliper and lighter weight mean more sheets can be inserted into envelopes and still meet the United States Postal Service's requirements for processing in automated, high-speed mail sorting equipment.

Both basis weights of Enterprise Postal Advantage are designed to handle all the demands of high-speed imaging, processing and inserting equipment without sacrificing quality and performance.

ENTERPRISE POSTAL ADVANTAGE
